

TC Enriched Foam

Antibacterial Soap

technical concepts

Innovative Hygiene Solutions

TC's new and improved Enriched Foam Antibacterial Soap is a high quality formulation delivered as an effective, hygienic, enriched foam. It offers a pleasant hand washing experience which encourages use for good hand hygiene.

Benefits:

- Luxurious cleansing experience encourages use for better hand hygiene
- Enriched with moisturizers, to soothe and smooth the skin
- Specially formulated for frequent hand washing
- Conforms to norms: EN1040, EN1276, EN12054
- Kills 99.9% of gram positive and gram negative potentially harmful bacteria commonly found in food service and healthcare environments
- Effective degreasing agent
- Rinses off easily
- Hygienic, sealed refills keep soap untouched and clean until it is dispensed, providing a safer system than bulk soap¹
- Low cost in use
- Biodegradable formula
- 1100ml boxless refill reduce packaging waste up to 80%

(1) C. Gerba. Occurrence of Heterotrophic Bacteria, California and S. Aureus in Liquid Soap Samples from Public Restrooms, University of Arizona. 2006.
