

# ADAMATIC TW NON CAUSTIC AUTOMATIC TRAY WASH DETERGENT

Sheet Code: W900

## DESCRIPTION

A highly effective tray wash detergent that has been developed to remove stubborn food deposits from all aluminium and leave pots and pans and trolleys sparkling clean.

## AREA OF USE

For automatic tray washers only - used via the **ARPAL** auto dosing unit or the tray washer's own integral feed system.

## METHOD AND DILUTION

The chemical dose level is electronically controlled by the **ARPAL** auto-dosing unit or by the tray washer's own integral pump unit. The risk of contact with the chemical is limited to changing the container when empty. For best results, the ideal wash temperature should be 60-65°C.

**N.B.** -If your machine is an integral fed type the current dose levels may have to be altered by your **OWN** service engineer. R.P. Adam Ltd can advise you of the correct dosing levels required for the use of our chemical.

## HEALTH AND SAFETY

Irritating to eyes and skin. Wear suitable protective clothing, gloves and eye/face protection. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

**KEEP OUT OF REACH OF CHILDREN.  
DO NOT MIX WITH OTHER CHEMICALS.**
