

ADAMAX CONCENTRATED AUTOMATIC DISHWASH DETERGENT

Sheet Code: W40

DESCRIPTION

A highly effective concentrated dishwashing detergent that has been developed to remove stubborn food deposits from all wash ware and leave dishes and cutlery sparkling clean.

AREA OF USE

This product is to be used exclusively with the **ARPAL DUOTEK 2** dosing system sited next to the dishwasher. **Duotek 3** is an ultra safe off-the-floor liquid automatic dishwashing system, using super concentrated products and colour coded labelling.

METHOD AND DILUTION

The **Arpal Duotek 3** auto dosing system electronically controls the chemical dosing levels.

When changing an empty flask, unscrew the **Duotek** cap and carefully remove the empty flask from the holder. Place the new unopened flask into the holder, remove the flask cap and screw and tighten the **Duotek 3** cap to the new flask - the flask is now connected and ready for use.

For best results, the ideal wash temperature should be 60°C-65°C.

HEALTH AND SAFETY

Corrosive. Contains Sodium Hydroxide. Causes severe burns. Wear suitable protective clothing, gloves and eye/face protection. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. In case of accident, or if you feel unwell, seek medical advice immediately. (Show label where possible).

**KEEP OUT OF REACH OF CHILDREN.
DO NOT MIX WITH OTHER CHEMICALS.**
