TECHNICAL SPECIFICATION

FABRIC CONDITIONER

Laundrymaster fabric conditioner is a high active, esterquat based concentrated fabric conditioner for commercial and hospital laundry use. It is suitable for use on all types of fibre. It has a substantive softening agent and a sweet floral fragrance to leave clothes smelling clean and fresh.

Features include:

- Leaves all natural and synthetic fibres soft to feel.
- Excellent anti static properties.
- Anti static properties repel soiling and keeps fibres cleaner for longer.
- Highly perfumed product leaves fibres smelling clean and fresh.
- Gentle even on those who suffer from very sensitive skin.
- Reduces water retention usually leading to reduced drying times.
- All surfactants used are biodegradable and phosphate free.

PROPERTIES:

Appearance @ 20°C
ph (neat)
Odour
Specific gravity @ 20°C
Flammability

SPECIFICATION:

Turquoise, slightly viscous liquid
5 +/- 0.50
Fresh, floral fragrance
1.000 +/-0.002
